## Houghton Solon To Revise Bill For Income Tax

LANSING (AP)—Sen. Charles McManiman, D-Houghton, today described the income tax bill he filed with the Senate Friday as "just a big mistake."

Monday night he withdrew it and said he will re-introduce it later looking more like a thorough-going fiscal reform act.

As he filed it, the bill would claim for the state three per cent of the income of individuals, businesses and financial institutions, subject to a statewide vote in November.

But McManiman said he meant the bill to tax only one and one-half per cent of the gross earnings of businesses and industry and three per cent of wages, and to include several tax repealers.

"I just filed it the way it came from the legislative service bureau," he said. "I've introduced my bill five times before and thought it would be the same."

"But today I read it and found out it won't do what I had intended," he said.

"One of the advantages of my bill—when it comes in the right way—is that it will get the businessman out of the role of being a collection agency for the state," he said.

The income tax would be tied to repealers of the sales and use taxes, intangibles tax, business activities tax, cigarette tax, liquor tax and a half of the corporation tax, he said.

The senator said he was alerted by news reports over the weekend that his bill was a flat rate income tax, and was able to withdraw it Monday night before introduction.

## Red China May Go It Alone In Communist Push

By WILLIAM L. RYAN  
AP Special Correspondent

Red China may be on the verge of a go-it-alone policy which could carve the Communist world into two distinct and even opposing blocs.

Peking is flexing new muscles. Possibly it feels more confident since the recognition extended by France. Turning Nikita Khrushchev's own words against him, Peking implies the Soviet premier and his European Communists should let Red China lead the revolution in Asia and Africa.

Khrushchev, who once promised to bury the West's social system, himself is going to be buried by the revolutionary movement, said Peking in its latest broadcast.

The attack accused Khrushchev of encouraging an "anti-party group" inside the Chinese party. The use of this phrase—coined by Khrushchev—is tinged with sarcasm.

The Chinese party never had a violent purge in the old Soviet style. If it had purges it avoided advertising them. But there is a hint in the use of the term "anti-party" that Mao Tse-tung handled resistance to his policies within his own Politburo in the only way Communists seem able to deal with differences of opinion.

It is widely known that Khrushchev opposed Mao's attempt to launch Red China on the "great leap forward." Khrushchev applauded those in the Peking leadership—like Marshal Peng Teh-huai, an old comrade of Mao—who resisted the great leap.

The experiment with the great leap and people's communes—abandoned as a failure—is known to have caused trouble in the Communist Chinese army. Some officers feared it meant an end to Soviet military aid. Others resented expansion of the Chinese militia and the use of regular army soldiers as laborers.

No Right To Dictate  
Peng Teh-huai eventually was removed as defense minister and tossed off the Politburo. He has disappeared from public view.

The difference of opinion over China's internal policies was a root cause of the ideological split with the Kremlin.

Now the Chinese are beginning to sound like a party about to go its own way, and even to assert its undisputed sway over the revolution in Asia and Africa, on the ground that Khrushchev and his supporters have forfeited their claim to leadership.

They deny that Khrushchev has any right to unchallenged leadership in the first place. The Chinese indicate it was their understanding that in this historical period the Russians were to be no more than first among equals—guides and perhaps financiers of the revolution but with no right to dictate to other Communist-ruled countries.

Majority leader Joseph Kowalski, D-Detroit, said he had heard one estimate that the developers would "net a million dollars from the landfill" in the coming few years.

He said there are only three fill dumps in the Detroit area, none closer than 12 miles from the heart of the city. He said he has asked the highway department to estimate what the developers could earn through dumping contracts.

E. J. Harris, one of three partners in the Peche Island Co. which is asking state permission to fill the river bottom the company owns, answered that the firm will turn over to the state any profits which may result from the filling operation.

"We do not believe that there will be any profit," he said. "We believe the filling operation will involve a substantial outlay on our part," Harris said.

Harris says the resulting resort would attract tens of thousands of pleasure-seekers to the Detroit area annually.

West Germans Build Rockets, Soviets Claim

MOSCOW (AP)—The Soviet Union has accused West Germany of developing military rockets capable of carrying nuclear weapons.

In a protest to the United States, Britain, France and West Germany, the Kremlin said the alleged rocket development was in "gross violation" of limitations placed on Germany by the unconditional surrender after World War II.

The Soviet note disputed the West German government's statement in December that the rockets were for weather purposes.

## Mrs. Oswald's Testimony To Remain Secret

WASHINGTON (AP)—The secretly given testimony of Mrs. Marina Oswald on events preceding the assassination of President John F. Kennedy "may not be released in your lifetime," Chief Justice Earl Warren has disclosed.

Warren said the presidential investigating commission which he heads will issue a statement—perhaps Wednesday—when it finishes questioning its first witness, the slim and pretty widow of Lee Harvey Oswald.

She goes before the commission again today. "I don't know how newsworthy" the commission's statement will be, Warren told reporters. He added that if it contains information affecting national security, it may be suppressed for decades—"and I say that seriously."

This suggested that the commission intends to explore as thoroughly as possible, through Mrs. Oswald and other witnesses, delicate subjects such as Oswald's 1959 visit to Russia, his unsuccessful efforts to defect to the Soviet Union and his attempts, on a Mexican visit last September, to obtain visas for Russia or Cuba.

But Monday's day-long questioning of the Russian-born, 22-year-old Mrs. Oswald—who believes her Marxist husband assassinated Kennedy—dealt with Oswald's activity and movements in the United States, after he brought his bride here.

This was reported by the commission's general counsel, J. Lee Rankin, during a break in the laborious testimony-taking through a State Department interpreter.

"Mrs. Oswald told us some things we hadn't heard before—some new things, new evidence," Rankin told questioners. He said she was "a very cooperative witness."

## Owosso Farmer Top Dairyman

EAST LANSING (AP)—A farmer who went back to school to become a veterinarian is Michigan's dairyman of 1964.

He is Dr. Cyril Spike of Owosso, cited as a pioneer in many modern dairy practices. He received the award Monday, opening day of the 49th annual Farmers' Week at Michigan State University.

Spike, who entered MSU School of Veterinary Medicine in 1940 and was graduated in 1945, was selected for the honor by the university's Dairy Department "for his contributions to the state's dairy industry."

He now has a practice and a 600-acre farm near Owosso. Some of the 100 Jersey milk cows on his farm are descendants of a herd he started in 1922 after graduating from high school and working on herds around the state.

Three of Spike's six children now attend MSU.

Also honored were Michigan's eight top sugar beet growers. They were:

Kenneth Hayward, Bay City, with an average yield of 23.9 tons an acre; Harvey Strouse, Wheeler, 23.8 tons; Wallace Hecht, Vassar, 21.3 tons; Dale Donovan, St. Charles, 24.4 tons; Paul Seidl, Ruth, 18.7 tons; Elmer Hornbacher, Sebawing, 20.2 tons; Wayne Cousin, Erie, 21.1 tons, and Leo Labardee, Erie, 16.7 tons.

## Air Force Scans Ruins Of Plane Downed By Reds

WIESBADEN, Germany (AP)—The U.S. Air Force has begun a piece-by-piece examination of the wreckage of an Air Force jet trainer shot down over Communist East Germany last Tuesday.

The remaining parts are being laid out in a hangar at the Wiesbaden air base to reconstruct as far as possible the plane's original shape. An Air Force spokesman said there would be no statement until the study is completed.

Three U.S. officers were killed when the plane was downed 56 miles inside East Germany.

## Debate Begins In Lansing On School Prayers

LANSING (AP)—A down-to-the-wire battle for votes on whether prayers should be permitted in public schools was on tap for the Senate today.

Sen. Milton Zaagman, R-Grand Rapids, sponsor of a proposal favoring classroom prayer, said the support for his resolution had dwindled to 18 votes, but that this "can be counted on, even through a roll call."

Zaagman's resolution originally had 20 sponsoring senators. If approved in the Senate, it would go to the House. A majority in the 34-member Senate carries a resolution. The resolution asks congress

to propose an amendment to the U. S. Constitution providing that "the free exercise of religion shall include the right to offer prayers in public schools."

Academy Proposal  
Other legislation introduced Monday calls for the establishment of a state boundary commission, a circuit court marriage counseling service, and a law enforcement academy.

Zaagman is alone in sponsoring the bill for a boundary commission, which would be an authority over annexation.

All senators have signed the counseling service bill, an effort to reduce the number of broken homes without changing the legal grounds for divorce or separation.

The academy proposed by Rep. Harry DeMaso, R-Battle Creek, would be located at Michigan State University and would train peace officers assigned to any city, county, township or village. A similar bill has been introduced in the Senate.

Republicans Briefed  
House Republicans were briefed behind closed doors Monday on prospects of legislation to increase the state's contribution to the Teacher Retirement Fund.

House Speaker Allison Green, R-Kingston, said the bill may call for an increase from seven and one-half per cent to nine per cent of the total payroll for all public school employees.

The bill sought also would increase the state participation percentage, and would call for gradual state increases to 14 per cent.

## Tax To Reduce Straits Bridge Tolls Proposed

LANSING (AP)—The Mackinac Bridge Authority suggests a state bond issue—to be paid through a one-cent gasoline tax increase—as a means to reduce the tolls of the Straits of Mackinac bridge.

Authority chairman Prentiss M. Brown made the suggestion Monday in a letter to Gov. George Romney and the legislature.

Brown said this kind of plan might help Michigan get federal reimbursement for its investment in the \$100 million bridge. He said such reimbursement ultimately could come under federal financing in interstate highways. The bridge is part of I 75.

Existing tolls, paying off bonds on the bridge, start at \$3.75 per passenger car, one way.

Brown said federal reimbursement is "much more likely" if the authority's suggestions are "adopted and pushed by our own citizens in our own state legislature."

By issuing bonds, he said, the state could take advantage of better interest rates and reduce its annual interest costs on bridge indebtedness from \$4.2 million to \$3 million. He said interest charges make up 95 per cent of the annual cost of the bridge.

Brown said a one cent increase in the state gasoline tax would bring in about \$26 million annually and could pay off all the bridge bonds in 3½ years. He said a "nominal toll" of \$1 per car and up could then be established.

## Car Crash Fatal To Chassell Man

## Lundgren Files Armory Request For Gladstone

LANSING (AP)—Sen. Kent Lundgren, R-Menominee, filed for introduction today a bill to appropriate \$100,000 to build a new armory at Gladstone.

"We tried to get this money last year, but got turned down," said Lundgren.

The requested money would cover the state's share of the proposed building.

## New Satellite Checks On Sun

WASHINGTON (AP)—The Navy disclosed today it has secretly launched a satellite to monitor solar X rays and transmit the information to 15 nations during this period called the "years of the quiet sun."

The satellite may help in eventual development of a system for predicting storms on the sun which bedevil some radio communications on earth and pose a threat to manned space flight.

The Navy in its announcement didn't give details on the size of the spacecraft or when it was launched but indicated it was put into orbit riding piggy-back on some other satellite.

More information is expected at a news conference later in the day.

Already, the Navy scientists reported, the satellite has determined that the sun is fast approaching its "minimum of activity" in its 11-year cycle of sunspot activity.

This period of relative calm should last about two years, thus the 1964-1965 period was given the scientific designation of the international years of the quiet sun.

# Fanatics Lead Revolt In Congo

LEOPOLDVILLE, the Congo (AP)—A witch doctor's brew of tribal magic, terror, antiwhite hatred and crude Communist slogans is the latest formula for subversion and revolt in the Congo.

The bloodstained rebellion in Kwilu Province is led by Pierre Mulele, 34-year-old former education minister who has visited both Moscow and Peking.

Mulele's Chinese-backed uprising started six months ago with fewer than 75 men. Today he has several thousand fanatical warriors who control a region half the size of Belgium.

His soldiers say the white man stole their land and enslaved them. They believe the Communists will bring them "wonderful things."

American missionaries who survived attacks by Mulele's warriors reported hearing cries of "Russia" and "Moscow" as the terrorists closed in.

The warriors told the missionaries their chiefs promised the Russians would give them things possessed only by white men, and also would give them the land.

Captured documents, however, told of support from Peking for Mulele's revolt.

Western experts say someone well versed in guerrilla tactics is behind the assaults on missions in which an American woman missionary and three Belgian Roman Catholic priests have been killed.

Government forces have captured the notebook of a man who attended a guerrilla school. It is believed to be Mulele's.

"It's the sort of stuff the Communists crib from each other," U.S. Ambassador Edmund Gullion said after a trip to Kwilu. He said the notebook contained ideas from Cuban guerrilla specialist Ernesto Guevara and China's Mao Tse-tung.

Until two weeks ago, Kwilu was a prosperous agricultural province in the southwest Congo dotted with mission stations where the Congolese sought education and medical care.

The government still holds the larger towns, but Mulele rules the countryside of eastern and southern Kwilu.

The missionaries were forced to flee. Many were told they would not be harmed if they left.

But the rebels have no mercy for Africans. About 150 provincial government officials have been slaughtered, according to latest reports.

## Storm Blocks Roads, Causes Three Deaths

AMARILLO, Tex. (AP)—A blinding, blizzard-like snowstorm isolated many Texas and New Mexico communities today causing at least three deaths, and whipping up drifts as deep as seven feet.

The snow, mixed in some spots with hard rains, covered much of Oklahoma, eastern New Mexico, and knifed deep into west central Texas.

As much as 10 inches was predicted for late today by the U.S. Weather Bureau.

A Greyhound bus skidded off U.S. 66 Monday night but all 26 passengers were safe. The driver kept the motor and heaters running until towing units could arrive by daylight from nearby San Jon, N.M.

Welcomed By Farmers  
Thousands of stranded travelers jammed hotels and motels in the areas.

Around Amarillo, heart of the Texas Panhandle, farmers and ranchers were jubilant at prospect of another day of the howling weather. They called it "a million-dollar snow" and said the spring wheat crops would benefit tremendously.

A wheat farmer from Perryton, Tex., C. Douglas Smith, said the snow was moist and clinging—the best kind. "All we need is more of it."

Amarillo's major arteries to Oklahoma, New Mexico, Colorado and the interior of Texas were closed by midnight. The airport closed Monday afternoon with visibility of less than one-eighth of a mile.

Motorists Halted  
Most eastern New Mexico and Texas roads were branded as dangerous by Monday evening. Roadblocks were set up in some communities to advise motorists to stop.

More than eight inches of snow was reported in Amarillo by midnight. Boise City, in the extreme western Oklahoma Panhandle, had six inches, Guyton in the central Oklahoma Panhandle had five.

Heavy snow was reported at Muleshoe, Pampa, Hereford, Dumas, and Lubbock, in Texas, and at Tucumcari, Clovis and Santa Rosa, in New Mexico.

Power failed for about an hour at three eastern New Mexico communities of Texico, Clovis, and Portales, and at Farwell, Tex. Emergency power was turned on, but at the Roosevelt County Hospital in Portales day-old twin sisters in an incubator were kept warm by hot water bottles.

Two other children were burned and suffered from smoke inhalation in the fire that started in an overstuffed chair.

Those who died were Janice, 9, and Vincent, 3, children of Mr. and Mrs. Willie Wright Sr. Authorities said Willie Jr. apparently set the fire with a candle and then tried to put it out himself. His mother was sleeping downstairs and the father was at work.

Timothy, 6, and Billy, 5, who slept in the same room with Vincent, managed to get downstairs, but suffered second and third degree burns, as well as smoke inhalation.

When Mrs. Wright was awakened she found it impossible to make her way upstairs because of smoke and fire.

Death Toll 158  
EAST LANSING (AP)—Traffic accidents have killed 158 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 116.

## Car Tags For 200 Fail To Arrive

OLEAN, N.Y. (AP)—Postal officials here face the ire of 200 motorists and a case of missing license plates.

The motorists' 1964 plates were mailed from the Cattaraugus County Motor Vehicle Bureau at Little Valley last week, a spokesman said Monday. They have not arrived.

Police warned motorists they would be arrested if they operated automobiles with 1963 plates, which expired last Friday midnight.

A post office spokesman said efforts were being made to trace the missing plates.

## Vote Canvass Board Ordered

Cities, townships and school districts in Michigan will in the future have their votes canvassed by a board of canvassers of four members, not more than two of whom will be of one political party.

Escanaba City Clerk Don Guindon directed attention to the new election law and said that application forms for persons seeking appointment to the board of canvassers may be obtained at his office in the City Hall.

Application forms for the townships and school districts are applied for at the offices of the township clerks and (for the schools) at the office of the superintendent.

In his application the individual (who must be a qualified and registered elector of the community in which will serve) must provide certain information about himself, including his party affiliation.

The individuals composing the canvassing boards are appointed by the city council, township board or school board, depending on the unit of government they are to serve.

Members will be appointed for terms of four years. Neither the appointee nor any member of his immediate family may serve as an election inspector or become a candidate for elective public office at an election to be canvassed by his board of canvassers.

## Aged Germsk Resident Dies At Manistique

MANISTIQUE — Mrs. Emma Dodge, 84, of Germsk, died at the Schoolcraft Memorial Hospital at 3:15 a. m., today. She had been a patient there for two months.

Mrs. Dodge was born in Memphis, Mich., on July 21, 1879 and had lived in the Upper Peninsula since 1925. She lived at Germsk since 1934. Her husband died Jan. 18, 1949.

Surviving is one daughter, Mrs. Nena Sholt of Pontiac.

## Saturday Start Nearest Nov. 15 Asked For Hunt

By KENNETH S. LOWE  
MARQUETTE — The Northern Michigan Sportsmen's Association wants the deer season to be opened each year on a Saturday—but not on the Saturday preceding Nov. 15.

NMSA delegates from 14 clubs assembled at Northern Michigan University Sunday asked the season be opened in the entire Upper Peninsula on the Saturday nearest to Nov. 15.

The association worked for years to have the season opened on Saturday, but when the bill finally was passed in the Legislature in 1962, it stipulated that the season open on the Saturday preceding Nov. 15 and that the Saturday opening apply only to that part of

## Lucy And Danny End TV Series

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—The withdrawal of Lucille Ball from weekly situation comedy has hit CBS where it hurts most—in the powerful lineup of panel games and comedy that helped turn Mondays into the night with the week's heaviest viewing.

The announcement that Lucy would end the series after this season obviously surprised network programmers. They started frantically looking at pilot shows for a comedy replacement.

Danny Thomas' impending departure tore the first big hole in next season's Monday night schedule. CBS expected to patch that with something called "December Groom." Now there is another vital half hour open.

Established, well-loved situation comedy stars of Ball and Thomas stature are rare.

As next season's schedules take final shape, ABC still has the most time spots to fill.

Among its shows that seem definite are "Wagon Train," shrunk back to its original one hour's length, on Saturday night opposite Jackie Gleason, and a sudsy series called "Peyton Place."

the Upper Peninsula lying west of Highway M-77.

This resulted in a split opening in the Upper Peninsula and a start of deer hunting last fall in the western two-thirds of the Peninsula on Nov. 9. Many hunters objected to the split opening and to starting hunting that early.

The question of the start of the deer season, which proved to be the liveliest topic of discussion at Sunday's midwinter meeting of the association. A Negaunee Rod & Gun Club resolution calling for opening the season on the Saturday preceding Nov. 15 throughout the state was defeated, 32-12.

A resolution by the Ottawa Sportsmen's Club called for opening the U. P. season on the Saturday nearest Nov. 15 was then passed almost unanimously.

## Longer Rabbit Hunt

In other action, delegates: 1. Unanimously approved a proposal to keep Lake Superior open to rainbow and brown trout fishing throughout the year.

2. Approved a resolution to extend the rabbit season for 30 days. David A. Arnold, biologist in charge of the Cusino Wildlife Experiment Station, told the delegates that he saw no objection to the proposal on the part of the Michigan Conservation Department. Studies at Cusino, he said, did not reveal any rabbit pregnancies until April and a March 31 closing of the season therefore would not result in killing animals bearing young.

3. Passed a resolution that would reduce the camp deer license fee from \$10 to \$5 and permit deer of any age or sex to be taken as camp deer.

4. Approved a proposal to have trapping seasons opened at 7 a. m. instead of the present noon opening.

5. Urged an increase in the amount of state funds for stream improvement.

## Club Attending

6. Asked the Conservation Department to obtain information from the U. S. Fish and Wildlife Service on the number of game and rough fish released over sea lamprey weirs in the Upper Peninsula and the mortality rate caused by the weirs. Delegates wanted this information published in newspapers.

Clubs represented at Sunday's meeting included Menominee Woods and Stream Conservation Club, Rock Community Sportsmen's Club, Norway Restoration Association, Schoolcraft County Sportsmen's Club, Tahquamenon Sportsmen's Club, Munising-Alger Sportsmen's Club.

Next assembly will be the annual convention Sept. 19-20 in Negaunee.

## Mobile Museum To Tour State

LANSING (AP)—The shell of the historymobile, a museum on wheels built at Alma for the Michigan Historical Commission, arrived here Monday.

Commission museum director Solan Weeks said 12 museums are cooperating in an exhibit telling of Michigan's development from pre-historic times. Its tour of the state is to begin in July.

## Briefly Told

Delta Lodge 195 F.&A.M. will hold a regular communication at the Masonic Temple Wednesday, Feb. 5, at 7:30 p. m. Lunch will be served. Visiting Masons are invited to attend.

Joseph Pepin, 9, of 933 Sheridan Road, suffered minor injuries and was taken to his home when he was struck by a car in the 900 block, Stephenson Ave., at 12:31 p. m. Monday, Escanaba police reported. The car was driven by Margaret L. Gouin, 1303 N. 18th St.

Since they are born on land, sea lion pups must learn how to swim.

## Travel Service On ATC Listing

World Wide Travel Service of Escanaba has been informed that it is eligible for inclusion in the Air Traffic Conference of American agency listing, it is announced by Mrs. Maryann Cerasoli, manager.

This places the Escanaba agency on the active list of accredited travel agencies and, under the terms of the agreement, represent the various airlines in the promotion and sale of air passenger transportation carriers offer.

Approval has also been granted World Wide Travel Service as a representative of the Rail Travel Promotion Agency.

World Wide opened its doors last August and until now has been under interim agreements with the several carriers. Now full appointment has been granted.

The agency is located at 1406 Ludington St., is owned by F. W. Schmitt, and Mrs. Cerasoli is assisted in the operation on a part-time basis by Mrs. Joanne Healy.

## Car Firms Set January High

By CHARLES C. CAIN  
Associated Press Auto Writer  
DETROIT (AP)—Auto production continued at a high level this week after U.S. auto plants set a January high of an estimated 744,648 cars.

The previous January high was set in 1960 when 688,770 cars were built.

One automotive trade source, Ward's Reports, predicted that on the basis of January's fast start the industry would build a record 2.5 million units in the January-March quarter this year. The previous high for the quarter was 2.3 million set in the first three months of last year.

The January record was established despite two major setbacks, a week-long strike at Buick Division in Flint and a week's shutdown of American Motors' assembly plants at Milwaukee and Kenosha, Wis.

AMC resumed production Monday, but scheduled only 9,400 cars this week, compared its work force by about 2,800 men, with the new employment total being 26,303.

General Motors had on overtime last Saturday only two of its 23 assembly plants, the main Cadillac and Pontiac plants. Ford had only one of its 16 on overtime operations on that day, the Wixom, Mich., Lincoln-Thunderbird plant. Chrysler plants worked a five day week. Chrysler, Ford and General Motors production reports showed they are running ahead of their 1963 production rate, while AMC was running behind its pace of last year.

## Mental Health Groups Formed

MARQUETTE — An Upper Peninsula Mental Health Planning Committee and five community planning groups were organized here Saturday by 40 persons from 11 of the Peninsula's 15 counties meeting at Northern Michigan University.

Dr. Richard F. O'Dell, Marquette, president of the U. P. Child Guidance Clinic, and Dr. W. A. Berg, Marquette, president of the U. P. Adult Mental Health Clinic, conducted the meeting.

Dr. O'Dell was named chairman of the U. P. Mental Health Planning Committee and Dr. George H. Hopson, Menominee, was elected vice chairman.

The five community (or sub-regional) planning committees will have a two-fold mission: (1) to survey the mental health resources in their respective counties and (2) to set up priorities for services and establish a plan of work. They will be assisted by professional consultants hired by the Michigan Department of Mental Health.

The sub-regional committees will be concerned with all aspects of mental health — emotionally disturbed children, the mentally retarded, senility, inpatient clinics, out-patient clinics, etc.

Organization of the committees stems from congressional action in which funds were appropriated to the states to allow them to draft comprehensive mental health plans. Michigan's appropriation was \$275,000. The committees will have until next Jan. 1 to complete their plans. The plan for the state as a whole is to be submitted to Washington by June 30, 1965.

The five sub-regional committees organized Saturday are composed of:

1. Chippewa, Luce and Mackinac counties. Kenneth Summerson, Newberry, chairman.
2. Marquette and Alger. George Mancuso, Marquette, chairman.
3. Delta, Schoolcraft and Menominee. John Lemmer, Escanaba, chairman.
4. Dickinson, Iron and Gogebic. Mrs. August Pavaglio, Iron Mountain, chairman.
5. Houghton, Baraga, Ontonagon and Keweenaw. Harry Trainor, Houghton, chairman.

## Mrs. J. A. Olson Dies Monday

GLADSTONE — Mrs. John A. Olson, 69, of 11 S. 7th St., died at 5 p. m. Monday at the home of her sister, Miss Mary Olsen at Ishpeming.

Mrs. Olson had been a patient at St. Francis Hospital following a fall at her home several weeks ago and had gone to Ishpeming Friday night to recuperate.

Mrs. Olson was born Oct. 15, 1894 in Ishpeming. Her husband, who operated a meat market in Gladstone for many years, preceded her in death several years ago. She was a member of the First Lutheran Church and the L.C.W.

Survivors include: two sons, Pastor Don E. Olson, Hialeah, Fla., and Dr. Carl J. Olson, St. Paul; one daughter, Miss Dorothy Olson, Chicago, and six sisters.

The body will be brought to the Kelley Funeral Home where friends may call after 3 p. m. Wednesday. Funeral services will be held at 2 p. m. Thursday at the First Lutheran Church with Rev. Reuben Carlson officiating. Burial will be in Fernwood Cemetery.

## Three Ohioans In May 5 Race For U. S. Senate

COLUMBUS, Ohio (AP) — Candidates for U. S. senator from Ohio — the incumbent, a space hero and the grandson of a president—filed Monday for the May 5 primary elections which will determine the nominees.

Petitions to make the candidates official for the Democratic nomination were filed for:

Incumbent Sen. Stephen M. Young, 74, a veteran of more than 50 years of party service.

Lt. Col. John H. Glenn Jr., 42, the first American to orbit the earth, who already has demonstrated popular appeal in his first bid for public office.

Filing for the Republican senatorial nomination was Congressman-at-large Robert Taft Jr., a former state representative and a grandson of President William Howard Taft.

Aides filed petitions for Glenn, who is in Houston, Tex.

## She's Winning:

# 'I Still Choose Not To Smoke,' Peggy Reports

By PEGGY MUNSON

Here it is four bananas, two grapefruit, two pears, two oranges, one apple, a pack and a half of gum, eight glasses of water, two glasses of tomato juice and 42 hours later. I've come this far and I still choose not to smoke.

Everyone, at least almost everyone, enjoys a steaming cup of hot coffee in the morning but the group taking the five-day plan to stop smoking are trying to steer clear of coffee. You see it's the type of stimulant which just begs your body to have a cigarette.

Well, instead of the cup of hot coffee in the morning it was recommended we take a sort of tonic . . . the cold mitten friction. It may sound nasty. It is!

### The Waker-Upper

To help you get that "get up and go" feeling in the morning you start with an ice cold mitten or wash cloth massage. They recommend that for the first time we try tepid water so it wouldn't be such a shock. Even with tepid water it's a shock.

Dr. Stewart Erhard and Pastor John Erhard, of the Escanaba Seventh Day Adventist Church, who are conducting the clinic, vouch for the mitten friction and claim that you will feel better than if you had

taken coffee. I'll admit it does wake you up!

At last night's meeting a show of hands indicated more than three-quarters of the class members were still with it and hadn't "cheated" once. There were about 20 new members last night. They had to start from the beginning as did those who "cheated."

Just in case anyone had forgotten one of the best reasons to quit smoking, they showed us another film about cancer and other diseases. That helped a little, but I'm afraid I'm getting weaker . . . think I'll go get another glass of water and breathe deeply, that's supposed to help us through cravings.

### Much Encouragement

Everyone is paired off with a "buddy" who you're supposed to call if you feel the urge to smoke. I've got a buddy too, but she's working and can't call me and I'm working and can't call her. So I'll have to do it alone during the day. But I'll have to admit I've got a lot of buddies around here. Everyone offers encouragement and best wishes and cigarettes . . . it seems they just want to "see for sure" if I really am trying to stop.

My symptoms? So far, so good, a little dizziness, I'm starving (they promised to help us lose weight after we stop smoking) I have a slight headache and if anyone came up behind me and said boo! I'd probably be the first U.S. woman in space. Tomorrow will tell the tale. They warned the third day was the roughest and tonight they're going to prepare us for it.

I might mention how lucky I am to work here. You see most newspapermen are notorious smokers and at one time this office did look just like in the movies, everyone typing with a cigarette in his mouth. In the few years I've been here, three have stopped smoking completely, two smoke pipes, one doesn't smoke at work and excluding me (I hope) there is only one cigarette smoker left.

It makes it a lot easier when you don't have to smell them. But it seems that most everyone who stops in here smokes and for some reason comes to my desk to use the ash tray. That shakes me a bit. But have no fear, I have chosen to stop smoking.

## Kelley To Map Fight On Crime

LANSING (AP) — Atty. Gen. Frank Kelley has announced he will hold a closed meeting with other top law enforcement officials at his Lansing office today to discuss the fight against organized crime.

Kelley said one of the objectives of the meeting will be to seek methods of coordinating the activities of federal, state and local law enforcement agencies in regard to organized crime.

"THIS IS WHERE your will power is," explains Dr. Stewart Erhard. Peggy Munson looks on wishing she could borrow some will power in that human brain specimen to help her through the five-day plan to stop smoking. Pictured are Mrs. Donald Goulais (left) of the Delta County Cancer Society, Dr. Erhard, Miss Munson, and Rev. John Erhard of the Seventh-Day Adventist Church. (Daily Press Photo)

## Harry Rainbow, Big Spring Road, Taken By Death

MANISTIQUE — Harry C. Rainbow, 71, Big Spring Road, died at 1 a. m. today at Schoolcraft Memorial Hospital.

Mr. Rainbow was born in Battle Creek Jan. 9, 1893, and was a retired foundry moulder. He moved to Manistique nine years ago. His wife, Bernice died Jan. 7 of this year. He was a veteran of World War I and a member of Medford Masonic Lodge, Battle Creek.

Friends may call at Kefauver-Jackson Funeral Home after 7:30 p. m., Wednesday. Services will be conducted by the Rev. David A. van Gorkom Thursday at 2 p. m., at the funeral home. Burial will be in Memorial Park, Battle Creek.

## Court Is Asked To Quash Charge Against Quayle

IRON MOUNTAIN — Circuit Judge Ernest Brown Monday took under advertisement a motion by Atty. Charles Santini of Ironwood for dismissal of charge of larceny by conversion against Thomas Quayle, of Iron Mountain, operator of Quayle's Travel Agencies.

Complaint was made against Quayle by Theodore Fornetti, head of an Iron Mountain investment group. The amount involved is about \$13,000.

Santini pleaded that the court was without jurisdiction, that the charges were vague and do not charge any specific unlawful conduct, that the preliminary hearing failed to produce sufficient evidence, and that the charges were based on an unlawful and usurious contract.

## Detroit Driver Killed In Chain Freeway Crash

MONROE (AP) — Roy G. Meador, 37, of Detroit, was killed and three persons were injured today in a chain-reaction pair of crashes involving six trucks and a car on the Detroit-Toledo freeway.

Meador was driving a tractor-trailer rig that left the south-bound lane and struck a parked semi-tractor loaded with steel coils, police said.

At the end of a line of vehicles halted by the first crash, four trucks and a car were struck from behind by another semi-trailer.

## Life In India Told To Lions

The Escanaba Lions Club last night, at the Sherman Hotel, heard an excellent talk on the customs of India, by V. K. Narasimhan and N. C. Chakraborty.

Narasimhan and Mr. Chakraborty are from Jamshedpore, India. They have been in the United States since September visiting Harnischfeger Corp. plants. They work for the Telco Company in Jamshedpore, which is a licensee of Harnischfeger.

In other business last night Karl Dickson and Nick Bink, co-chairmen of the Golden Gloves committee reported that the first night of the fights held last Saturday night, were very successful and they are looking forward to next Saturday night's fight card being even better.

Lee Wiles reported that invitations have been sent out to other Lions Clubs in the U. P.

## Retarded School Benefit Planned

## Mrs. James Dies

Mrs. W. Frank James, wife of the former Upper Peninsula congressman from Hancock died in Arlington, Va., on Jan. 23 and was buried there. She was the former Jennie Mingay, a sister of the late Fred Mingay of Gladstone.

to participate in the annual U. P. Lions bowling tournament, which will be held in Escanaba at the Holiday Bowl on Feb. 23 through March 8.

It was announced by John Prokos and Dennis Foltman, co-chairmen of the ladies' night party, that the event will be held April 4.

# \$155,000 Tourist Promotion Plans Get Green Light

Approval of a technical assistance study to guide promotion and development of tourism and recreation business in the Upper Peninsula for the U. P. Committee on Area Problems was announced today by the Area Redevelopment Administration of the U. S. Department of Commerce.

The project has been in the planning state by UPACAP for many months under a committee headed by Harold Dettman of St. Ignace.

The 18-month study project will cost \$155,354 and be done by Michigan State University, which will provide \$85,354 of the cost. ARA will supplement this with \$50,000 in technical assistance funds and regional organizations will furnish the other \$20,000.

ARA said that previous studies indicated that the basis for economic growth in the U. P. lie principally in the development of timber and mineral resources and in the extension of tourism and recreation business. All 15 counties of the U. P. will be involved in the tourism project.

### Dr. Blank Is Head

Coordinator of the project will be Dr. Uel Blank, formerly director of MSU's U. P. Extension Center at Marquette and now assistant director of its Institute for Community Development on the campus at East Lansing. He will be assisted by Clare Gunn, recreational specialist of MSU who is one of the best informed persons on U. P. tourism and resorting, and Dr. Louis Twardzik, a senior consultant of MSU's Institute for Community development and one of the Midwest's leaders in recreational planning.

The details of the 18-month project have not been reported yet, but MSU will create and staff a U. P. office to handle the project and direct its field operations. These will include:

1. Identification of the public and private tourist and recreational attractions in the U. P. and planning for their development.

2. Defining standards of quality for facilities serving these attractions, particularly eating and housing accommodations, based on the demands existing in the industry.

### New Image

3. Plan a promotional program for the Upper Peninsula as a vacationland to create a national image.

4. Induce increased investments in U. P. recreational businesses through market analyses and recommendations on sites, and plans for types of tourist facilities.

5. Promote modernization or reorientation of existing facilities with a potential for expansion.

MSU has for years been the strongest element in planning for growth of the Upper Peninsula's tourist and resort business through its Extension Service aid to operators of motels, hotels, restaurants, trailer parks, boat livery, sightseeing businesses, resorts, campgrounds, etc.

It's aid has consisted of counseling, training workers, planning facilities, operating schools on accounting, food preparation and other needs, teaching recreational esthetic values, and conducting programs like the Upper Michigan Tourist Association's Pave To Know Program, which teaches service industry workers who meet tourists how to tell them about the attractions of their areas and the Upper Peninsula.

### Pilot Works Planned

MSU's aid to U. P. tourism has been itinerant, except for the resident county Extension workers who carried on programs planned by the specialists from East Lansing. Under the new UPACAP project, MSU

will create a U. P. staff and concentrate on several areas of recreation business development as pilot studies for the whole U. P.

The development project, which is without parallel in U. P. history in terms of expense, involvement of many persons and communities, and potential benefits, will approach its tasks from many angles. It will work to enlarge public understanding of the profit potentials of this business, and also on specific projects to show how facilities may increase their attraction and their income.

### Counties' Projects

The project has had grass roots origins. UPACAP was created by the boards of supervisors of U. P. counties. Harold Dettman, St. Ignace motel operator is chairman of the big UPACAP Committee on Tourism and Recreation, which will be further enlarged to assure participation throughout the U. P.

Members include: Floyd Roberts, Munising; Glenn Gregg, Marquette; Henry Schmidt, Houghton; Orrin Gruetzmacher, Menominee; John C. Earle, Blaney Park; Ed Forsman, Iron River; Douglas Rappey, Houghton; William Lawrence, Iron Mountain; Herman Ellis, St. Ignace; Kenneth S. Lowe, Marquette; Kenneth McPherson, Shingleton; Lt. Robert Bilgen, Marquette; Jack English, Bessemer; Russell Glynn, Ironwood; Charles Hein, Calumet; Lawrence Rubin, St. Ignace; Melvin Edwards, Newberry; Brad Durling, L'Anse; Arnold Wirtanen, White Pine.

## Club Busy With Sewing Projects

RAPID RIVER—Rapid River has 15 girls in 4-H club work. Mrs. Benjamin Viaz is leader of the group. The club's officers are: president, Barbara Viaz, vice president; Tina Oberg, secretary; Linda Spriks, treasurer; May Kay Martin, and reporter, Susie Boyer. The girls are taking the first and second year sewing project and they meet every Thursday in the home economics room of the Rapid River High School. The 4-H members are planning a hayride for Wednesday, Feb. 12.

## Precinct Change Before Council Here Thursday

The Escanaba City Council when it meets at 8 p. m. Thursday in the City Hall will give first reading to an ordinance revising the present voting precincts in the city, reducing them in number from nine to seven.

The Council will have before it the resignation of Ralph Norton as a member of the Planning Commission; and will consider appointments to the Commission.

The request of Francis J. Marcotte to have the name of J. Nesbitt dropped as a partner in a liquor permit at 1123 1st Ave. N. will be considered by the Council also.

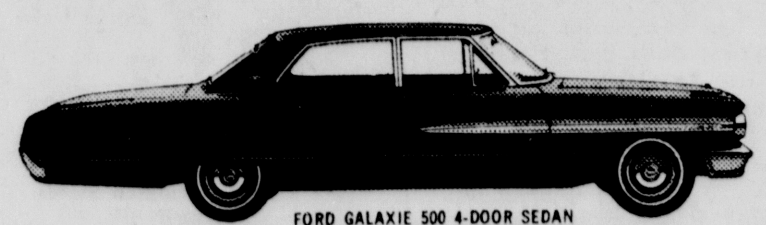

Adoption of a proclamation declaring the week of Feb. 8 Boy Scout Week is also scheduled.

## Bar Burns

MUNISING—The worst fire here in several years destroyed one of Munising's oldest frame business buildings early Sunday.

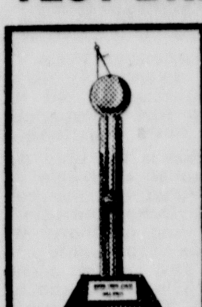

The Moosehead Bar, located in the 72-year-old building, was a total loss. The bar and building were owned for the past two years by Edward O'Boyle, Christmas Location. The blaze was reported by two young men who said that they saw smoke coming from the building as they drove by.

## Girls Preparing To Enter Religious Order

MARQUETTE — Two Upper Michigan girls have begun preparations for a religious life at the Holy Family Home here, the first postulants to enter facilities established for the Sisters of St. Paul de Chartres.

The girls, who will serve as postulants for six months before becoming novitiates, are Virginia DeRoche, daughter of Mr. and Mrs. Raymond DeRoche of Munising, and Catherine Houle, daughter of Mr. and Mrs. Alphonse Houle of Escanaba.

four consecutive years, each will renew her temporary vows before pronouncing her final vows.

Formal establishment of the order of the Sisters of St. Paul de Chartres — first in the United States — marks the addition of another religious use for the big five-story home, which also houses the Sisters of St. Francis, who serve St. Mary's Hospital; Cuban refugees, orphans and headquarters for the Diocesan Catholic Social Services.

**Bishop's Blessing**  
They began their life in the Sisters of St. Paul de Chartres community following a ceremony in which the Most Rev. Thomas L. Noa, D. D., bishop of the Catholic Diocese of Marquette, blessed the order's facilities and offered Benediction of the Most Blessed Sacrament in the Holy Family Chapel. Attending Bishop Noa at the ceremony were the Rt. Rev. Msgrs. Nolan McKevitt, V. G., P. A., rector of St. Peter's Cathedral; Edmund Szoka, pastor of St. Christopher Church, and Arnold Casanova, pastor of St. Michael's Church; the Very Rev. Msgr. ## Bark River

**Salem L. C. W.**  
The L. C. W. of Salem Lutheran Church, Bark River, is meeting at the church Wednesday at 8:15 p.m. Mrs. Robert Whitley will give a review of the book, "Syrian Yankee" by Salom Rizk. Hostesses are Mrs. Elmer Sundquist and Mrs. Elmer Stenberg.

**Former Orphans Home**  
The building, formerly known as the Holy Family Orphans' Home, was completed in 1915 at a cost of \$100,000 and two additions were finished in 1922 at a cost of \$80,000. Replacement cost today would be about \$700,000.

For many years, the home housed up to 200 orphans, under the care and guidance of the Sisters of St. Agnes, who staffed the institution until the past summer. They also served at the orphanage at Assinins in Baraga County from 1906 until it closed in 1956.

Diocesan Catholic Social Services offices became a part of the home in 1946. Through the work of this agency, foster homes for orphans were found, with the result that fewer children remain there today. Cuban refugees began arriving in Marquette about two years ago, under another program instituted by the DCSS, and several still live at the home.

# Grandpa Boss Snapshot Bug

Dear Ann Landers: Help!!!! My boss was blessed with his first grandchild eight weeks ago. He is also an inveterate camera bug. This can be a horrible combination.

Almost every day the beaming boss hands me several dozen snapshots of the baby and waits for my comments. It is downright exhausting to try to think of something to say, because, as you know, Ann, every infant under four or five months of age looks like a meatball.

To make matters worse, the boss is a pretty lousy photographer and the baby is unusually rat-like in appearance.

Several others in this office have been similarly trapped by the boss. We would all appreciate some practical advice on what to do. Thank you.—VIC-TIM NUMBER ONE

Dear Vic: By the time the second grandchild comes along the boss will be using less film and taking up less office time. For now there is little you can do except perhaps hand him a few dozen snapshots of your last trip. If you haven't had a trip recently, pictures of the nation's capitol will do.

One of the nice things about children is that they seldom carry pictures of their grandparents.

Dear Ann Landers: I married into a family of three brothers and two sisters. All the boys are in business with their father. The two girls' husbands are in the business, too. The mother in this family tells them all what to do.

This togetherness stuff looks very good to outsiders. My

he had an interesting P. S.: "My brother Harry said you will make a great little wife and the beast is yet to come." Today's card threw me. He wrote: "Miami is a great spot. I wish you were her."

Do you think this means anything?—QUEENIE

Dear Queenie: Yes, I think it means your fiancé is a needle artist who has found an old joke book. Forget it.

Ann Landers' frank and informative new book, "Teen-Agers and Sex" (\$2.95), is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, and self-addressed envelope.

# Mill Contracts For New Boiler

The Manistique Pulp and Paper Co. has placed orders for a high pressure boiler which will be fabricated during the next three months for the \$2.5 million expansion and improvement program announced for the mill.

Footings and foundations for the boiler will be built beginning March 15 and work is progressing on selection of machinery which will almost entirely replace the present paper machine, Frank S. Hoholik, present and manager of the company said.

Most engineering data is reaching completion stages and orders to meet these requirements will be placed by late February. Some work in the groundwood mill will begin in early spring and continue throughout the summer.

A major mill shutdown, will be needed, Hoholik said in the period when paper machinery is being installed. This will probably not occur until early fall, depending on delivery of new equipment.

## Action Chief Speaks Here

## Counties May Get More For Acreage In Refuge Lands

The Upper Peninsula weather "image" in other areas needs to be corrected, with information that snow in the peninsula ranges 60, 70 and 80 inches, not the extreme of 160 inches annual snowfall of the Keweenaw peninsula, William F. Wilson, executive secretary of Operation ACTION U. P. told Manistique Rotarians Monday. The program was arranged by Othmer Schuster.

Similarly temperatures for January were shown to range from 2 to 10 degrees, along the Lake Michigan corridor, not the extremes so often quoted for the area. Many think people in the Upper Peninsula hibernate in the winter, which isn't true at all, he noted.

Wilson cited the cost of unemployment in Upper Michigan, which totaled \$6,264,493 in 1962 and \$5,748,402 in 1963. The average monthly payment in winter was \$68 and in summer, \$30, indicating persons of greater skill are on unemployment rolls in the winter period. The January, 1962 cost was \$98,000 and in January, 1963, \$91,000.

The concentration of more power facilities in the western part of the peninsula, which also has more industry, were pointed out in the presentation. The eastern part of the peninsula is wasting wood resource now, Wilson stated, pointing out that Michigan Tech studies show enough timber for another paper mill and a wood board plant.

Changes which may come in relocation of railroads and ferries, depending on outcome of hearings before the Interstate Commerce commission also were considered. The freight business of the Chief Wawatam has declined so the railroads which own it are petitioning to discontinue the service, as the ferry needs extensive repair work. Wilson urged consideration by the U. P. of the factors along the line which decreased revenues.

He also urged more utilization of resources by the peninsula, with a "looking to the future, and seizing opportunities (at which the U. P. now is on the threshold) and stop crying about what was once." The fact the eastern section of the Upper Peninsula has little manufacture is an asset, as firms coming to manufacture new products will not be handicapped by old equipment and buildings, he cited.

The Escanaba Golden Gloves boxing team made its most impressive start in the past decade in this year's Upper Peninsula tournament which opened at the Holy Name gym Saturday night . . . Coach LeRoy Sovey's fighters won six of seven bouts to take a commanding lead in the battle for the team trophy.

The last time Escanaba took team honors in the U. P. boxing tournament was in 1956 when Jim Brown, Bob Borden, George Hurley and Lawrence Elie were in action . . . Sovey's scrappers were well conditioned and, although most of them were making their first starts in GG action, they knew their way around the ring.

Harold Johnson, coach of the Escanaba Eskymos will be seeking to reach a milestone in his coaching career here Friday night . . . Johnson has guided his Eskymo cage teams to 99 victories in his seven years here and will be shooting for victory No. 100 . . . His Eskey cagers have lost only 45 during that span.

The Lake Superior Coaches and Officials Assn. will hold its next meeting Thursday night at 8 at the Gwinn High School . . . The newly organized group is seeking to improve officiating in the region and to promote a better understanding between coaches and officials.

Those surprising Ishpeming Hematites left no doubt in anyone's mind with their complete mastery of the Soo Blue Devils Saturday night by an 87-59 margin . . . Ishpeming streaked to a 20-10 lead at the end of the first period and had it sewed up a halftime with a 47-25 cushion . . . The Hematites, who lost three of their first five starts this season, have now notched seven straight conference victories . . . Big gun in the triumph over Soo was Les Coduti with 37 points.

The Negaunee Miners scored a major upset in Great Lakes action over the weekend by spilling Marquette 70-68 . . . Outscored by three field goals, the Miners poured in 26 of 32 free throw attempts . . . A balanced Negaunee scoring effort offset a 38 point production by Marquette's 6 foot 6 inch center, Bruce Forstrom.

Coach Fred Boddy's Champion Indians bowed to Chassell in a weird ball game, losing 87-72 . . . Chassell scored six points in the final 30 seconds of the first half to lead 36-30 . . . All five Champion starters fouled out of the game, three of them in the final minute and a half of action . . . Eleven players from the two squads scored in double figures.

While Negaunee St. Paul was knocked out of the undefeated ranks by Marquette Baraga, 74-71, Baraga High School extended its victory string to 11 by tripping Lake Linden 48-40 in Copper Country Conference action . . . Larry Kangas scored half of Baraga's total of seven field goals and 10 free throws.

That leaves only Baraga and Carney in the dwindling undefeated list in the Upper Peninsula . . . Coach Bob Kuntze's Wolves, who play at Perkins tonight, made it 13 in a row with their record breaking 108-62 decision over Pembine.

## Canadians Grab Hockey Lead In Olympic Games

INNSBRUCK, Austria (AP)—A fast, young Canadian team was perched firmly atop the Olympic hockey standings today after destroying the United States' faint hopes of retaining the championship.

The Canadians, with a record of four victories and no defeats, had today off while Russia, their main rival, tangled with Finland.

The Soviet sextet, unbeaten in three games, figured to easily handle the Finns, who had lost two of three games, when they faced off in the first of three championship round contests today.

Czechoslovakia, beaten only by Russia in three starts, and Sweden, also 2-1, were heavy favorites over winless Switzerland.

## Russell Leads Rebound List

NEW YORK (AP) — Big Bill Russell, the Boston Celtics' defensive demon, has been making his presence felt under the backboards much to the displeasure of his National Basketball Association foes.

The 6-foot-9 pivotman, who was the league's most valuable player last year, displaced San Francisco's Wilt Chamberlain as the No. 1 rebounder during the past week.

Russell has hauled down 1,203 rebounds in 49 games for a 24.6 average, league statistics showed today. The 7-foot-1 Chamberlain dropped to second in rebounding with a 22.0 average on 1,188 retrieves in 54 games.

Chamberlain continued his prolific point-production with 201 points in five games last week for a season's total of 1,936. That output increased his average a full half-point from 35.4 to 35.9.

Oscar Robertson of Cincinnati is a distant second in the scoring race with 1,643 points in 54 games for a 30.8 average. St. Louis' Bob Pettit ranks third with 1,574 points in 56 games, averaging 28.1.

## Negaunee St. Paul Slips To Third In State List

By The Associated Press  
A rash of upsets last Friday night triggered a wholesale shakeup in Class A in the Associated Press' fifth weekly poll announced today.

Lansing Sexton once again had a firm hold on the No. 1 spot among the state's largest schools, but none of the other clubs in the top 10 were in the same position as a week ago.

Port Huron St. Stephen ended Negaunee St. Paul's two-week reign as Class D leader by moving into first place.

River Rouge outdistanced the rest of the field in Class B, while Grosse Pointe St. Paul continued as the Class C leader.

The AP's panel of sportswriters and sportscasters moved Detroit Northwestern into second place and Flint Central to third in Class A.

Muskegon rejoined the elite group by placing seventh, while Albion and Birmingham Brother Rice made their first appearances, placing eighth and 10th, respectively.

The only change in Class B saw Comstock and Flint St. Michael tie for the runner-up spot. Detroit Holy Redeemer moved up a notch to eighth place, while Detroit Servite replaced Tecumseh in the No. 10 position.

Detroit St. Charles was second in Class C, with Galien and New Haven tying for third. Wakefield moved ahead of Addison into fifth place, and Coleman continued its climb by taking eighth, in other changes.

## Orange Bowl Ends Contract

MIAMI, Fla. (AP) — The Orange Bowl Committee will go into the open market for opponents for the annual New Year's Day football game in an effort to attract a bigger national audience.

The committee announced Monday it was ending its 11-year-old contract which called for the Big Eight Conference to provide one team for the game. Committee president Ben Benjamin said "it was the hope of the Orange Bowl Committee that all sections of our country would thereby become eligible for our bowl."

The committee and the Big Eight's executive director, Wayne Duke, agreed their relationship had been pleasant and said no hard feelings resulted from the decision.

Big Eight teams have won seven of 11 games during the contract, including last New Year's Day victory by Nebraska over Auburn.

Off the strength of a new television contract for \$300,000 annually over the next three years and the possibility of rescaling tickets, the Orange Bowl hopes to offer next year's teams about \$210,000 for their services. Only the Rose Bowl payoff is greater.

Television rights were bought by the National Broadcasting Co., which said it did not care whether the Orange Bowl kept a conference tie-up or not.

## Joe's Tavern Tops Vulcan

HERMANSVILLE — Joe's Tavern defeated Vulcan 77-71 in the Hermansville court Sunday afternoon.

Hermansville was paced by Bob Fabry and George Nygaard with 16 points while Joe Arnold had 15. Vulcan was paced by Ken Giuliana with 19 points.

## Michigan Suffers First Big Ten Court Setback

By The Associated Press  
Ohio State's Gary Bradds ended Michigan's hopes for an undefeated Big Ten basketball season Monday night with a 42-point scoring performance to give the Buckeyes a stunning 86-85 victory.

But Indiana surprised previously unbeaten Illinois, 104-96, to keep the Wolverines ahead of the pack.

In another Big Ten game, Purdue turned back Michigan State, 101-98, at Lafayette, Ind.

Ohio State overcame three nine-point deficits in the first half to slip ahead, 42-41 at the intermission, and then jumped to an 81-73 margin with three minutes left.

The Wolverines fought back behind Cazzie Russell's 30 points

and 26 by Bill Buntin to close the gap at 84-83 with one minute to play. But the Buckeyes' Jim Shaffer and Tom Bowman each sank free throws to offset Russell's field goal and wrap up their fourth conference victory in six games.

The loss was Michigan's first in six conference outings, and its second in 17 games this season. It set the stage for an important dual with the Illini at Champaign, Ill., Saturday.

Ohio State was red hot in victory, hitting on 34 of 66 free shots for a sizzling 51 per cent. The Wolverines managed 31 of 68 field goal attempts for 45 per cent. Each team had 39 rebounds.

Sophomore Dave Schellhase scored a career high of 38 points to spark Purdue past the Spartans. Although sitting out more than five minutes of the second half with four personals, Schellhase hit 11 of 16 free shots, including seven, of eight in the first half.

Purdue jumped to a 49-38 lead early in the game but Pete Gent, Fred Thomann and Mar-

cus Sanders cut the margin to 55-54 at the half. The Spartans took an 80-74 lead but the Boilermakers fought back to stay at 84-83. Purdue hit on 37 of 69 field goal attempts for 53.6 per cent accuracy. MSU managed 43 for 88 for 48.9.

Purdue's Bob Purkhiser converted on a pair of one-and-one free throw attempts in the last 38 seconds to wrap it up. Purkhiser ended up with 18 points and backcourt teammate Mel Garland added 23.

Gent scored 26 for Michigan State and Marcus Sanders added 25. The victory was Purdue's third against three Big Ten losses. Michigan State is now 3-5.

Indiana's victory was its first in Big Ten play this season. The Hoosiers scored on 34 of 44 free throws. Tom Van Arsdale had 27 points and his brother, Dick, 25 for Indiana. Skip Thoren scored 26 points for Illinois.

Beside the Illinois-Michigan contest Saturday, Michigan State will play at Northwestern, Purdue faces Wisconsin, Minnesota meets Iowa and Ohio State will be at Indiana's court.

## Spitballers Get Membership In Hall Of Fame

NEW YORK (AP)—The spitball is legal in the Hall of Fame even if it is out of bounds in organized baseball. Burleigh Grimes and Urban "Red" Faber, two of the last pitchers to throw the spitter legally, were among the six new members named Sunday by the Hall of Fame veterans' committee.

Miller Huggins, the little man who managed the New York Yankees to six pennants in 12 years, and Heinie Manush, the powerful outfielder with a lifetime .330 batting average, also made the grade along with two from the pre-1900 era—John Montgomery Ward and Tim Keefe. Grimes, Faber and Manush are alive.

In some ways Ward was the most remarkable of the group. A jack-of-all-trades as a player, Ward was the only man to collect more than 2,000 hits, 2,151, and also to win more than 100 games, 158, as a pitcher. Ward, active from 1878 to 1894, managed three clubs, acted as president of the Boston Braves, pitched a perfect game for the layers' Brotherhood and also was the lawyer for the National League.

Ward also set a record of 12 assists for a second baseman that still is in the book. The addition of the six new men boosted the total membership in the Cooperstown, N.Y., museum to an even 100. The new members were picked by the veterans' committee from players who had been retired at least 20 years.

Grimes, 70, and Faber, 75, were among the group of four pitchers permitted to continue use of the spitter after it was legislated off the book. Grimes actually was the last. He was active until 1934, retiring with a 270-212 won-lost record. Although he finished up with the Yankees, Grimes earned all but one of his victories in the National League at Pittsburgh, Brooklyn, New York, Boston, St. Louis and Chicago. He lives in Trenton, Mo.

Faber, who works for the Cook County highway department in Chicago, spent his entire career from 1914 to 1933 with the White Sox for whom he won 253 games and lost 211.

The youthful Manistique Emeralds have valued into a tie for first place with Sault Ste. Marie at the top of the Great Lakes Conference standings and have a golden opportunity to take over sole possession of the lead this week.

Coach Rudie Brandstrom's cagers clipped Newberry 85-73 in their last start for a 6-2 GLC mark. Ishpeming spilled Soo 87-59 to give the Blue Devils the same season record of 6-2.

The victory was Ishpeming's eighth in the conference but the Hematites have lost three games. Negaunee is fourth with a 6-3 record after edging Marquette 70-68 last weekend. Escanaba and Marquette are tied for fifth with 6-4 records.

Manistique has a tough row to hoe this week as the Emeralds invade Soo tonight for a make up clash, previously scheduled for Jan. 25 but postponed because of bad weather.

Friday night the Emeralds hit the road again, playing at the Escanaba gym. Manistique's two league setbacks were suffered to Soo and Marquette.

The Emeralds lost four of their first six starts this season before jelling into a conference title contender. They have won four of their last five outings, bowing only to Holy Name in a non-conference game.

Brandstrom has two sophomores, a junior and two seniors in his starting lineup. The sophs are Tom Brawley, 6-2½, and Jon Cameron, 6-3½. The junior is Eric Blomquist, 6-2½. The seniors are Ken Blowers at 5-7 and Jim McDonough, 5-10½.

Front line reserves have been juniors Darryl Carlson, 5-8, and Dan Malloy, a 6-1 senior.

The Great Lakes has a heavy schedule of action this week. In other games Friday night Gladstone invades Marquette, Ishpeming is at Negaunee and Soo hosts Newberry.

Munising entertains Gwinn in a non-conference battle. On Saturday, Stephenson makes a home stand against Marquette.

# Terry McDermott Wins Gold Medal

INNSBRUCK, Austria (AP)—"Boy, they must be whooping and hollering in that barber shop back home," said speed skater Terry McDermott today after winning the first gold medal for the United States at the ninth Winter Olympics.

The U.S. team had been shut out for six days of competition, except for a silver and bronze medal won by Jean Saubert of Lakeview, Ore., when McDermott set off with his graceful fleet and long strides around the Ice Stadium oval in the 500-meter race.

Head down, chin out, McDermott cut every corner sharply and when he flashed across the finish line he not only had won America's first gold medal, but had whipped two-time Olympic champion Eugeny Grishnin of Russia and broken Grishnin's Olympic record with a time of 40.1 seconds.

In Essexville, Mich., where the 23-year-old McDermott cuts hair at \$1.75 a head in his father's shop, it was about 10 minutes after six in the morning. Probably a little early for whooping and hollering.

A seventh-place finisher in the 1960 Olympics, and the American record-holder at 220 yards, the former Michigan Tech student said before the race:

"My chances of a gold medal are as good as anybody's, I guess. I'm not conceding defeat yet."

McDermott didn't concede anything from the moment he stepped out on the ice. Skating in a pair with France's Andre Kourprianoff—but in effect racing against the clock—McDermott got off quickly and skated effortlessly throughout the 547-yard race.

He finished five-tenths of a second ahead of Grishnin, who wound up in a triple tie for second with Russia's Vladimir Orlov and Aliv Gjestvang of Norway.

It was the first U.S. gold medal in speed skating since Ken Henry won the 500-meter event in 1952, and it stopped Russia's domination of the speed skating events at these Games. The Soviet Union's Lidia Skoblikova won all four women's events.

"I was nervous before the race," McDermott said. "After all, I never even had a pair of skates on this winter before Dec. 2 when we started out training camp. But I knew I had a pretty good chance."

McDermott said he hadn't made much preparation before starting training. "As far as training in the summer, I didn't do much of anything," he said. "Played some softball and I played a little squash. But I have never smoked and I don't drink much, although I wouldn't say I never had a drink."

Despite his triumph, McDermott said the Russians don't have to worry about him in the world championships later this month in Finland. He can't afford to go.

"I have to get back to work," McDermott said. "Besides I like cutting hair very much. Anyway I got married four months ago."

"My wife, Virginia doesn't skate. She works in a bank. Right now she's back home meeting the payments on our house."

## Jones Scores TKO In 4th

NEW YORK (AP)—Doug Jones' manager planned to leave for Europe today in an attempt to line up lucrative fights for his heavyweight contender against either Floyd Patterson, German Karl Mildenberger, or Tom McNeely of Arlington, Mass., on a technical knockout in five rounds at the Coliseum Monday night. The tuneup showed the ring-rusty ex-GI was ready for faster competition again.

Jones knew where he was headed from the opening bell against McNeely. The 194½ New Yorker, a 3-1 favorite, was in control all the way against his 208-pound opponent.

He cut Tom over the left eye in the second round and bloodied his nose in the third round. In the fourth Jones floored the bleeding ex-football tackle with a barrage of punches. Dr. Alexander Schiff ordered the fight stopped at the end of the fifth round when examination showed McNeely's nose was broken.

It was the second time McNeely has been stopped in 37 fights. Patterson, when he was champion, scored a four round TKO over him in a title fight at Toronto Dec. 14, 1961.

# Unbeaten UCLA Remains No. 1 In Cage Ranks

By The Associated Press

Unbeaten UCLA, only major college basketball team with a perfect record, remained in the No. 1 position today in the weekly Associated Press poll.

The UCLA Bruins drew 43 first place votes among the 49 cast by the panel of the nation's sports writers and sportscasters. The six other writers ranked them second.

Defeats of Davidson, Vanderbilt and DePaul shook up the Top Ten but nobody was knocked out. Davidson dropped from third to fifth after losing its first game to West Virginia 75-73. Vanderbilt tumbled from fifth to eighth after bowing to Auburn 81-63. DePaul slipped one rung to 10th after losing to Louisville 83-79.

Michigan remained in second place by boosting its record to 15-1 with a 95-79 romp over Michigan State. UCLA, however rolled over the Santa Barbara branch of the University of California in two games to make 17-0 for the year. Michigan drew five firsts but trailed UCLA in points 484-429.

Kentucky advanced a peg to third at 15-2 on a victory over Florida and Wichita whipped Ohio State 86, Michigan 85, Indiana 104, Illinois 96, Purdue 101, Mich. State 98, Colorado 65, Okla. State 59, Notre Dame 72, Butler 64, Kan. St. 73, Nebraska 66 (ot), Iowa State 78, Oklahoma 73, Washington, St. Louis 75, Drake 68, Omaha 85, Fort Hays 71, Ariz. St. U. 71, So. Calif. 60, Utah State 75, Denver 56, Seattle 105, Memphis State 88, Ataska 106, St. Martin's 93.

Tennessee at Florida, postponed. Ohio State 86, Michigan 85, Indiana 104, Illinois 96, Purdue 101, Mich. State 98, Colorado 65, Okla. State 59, Notre Dame 72, Butler 64, Kan. club with the least number of goals scored against it. Chicago's Hall is the current leader, according to NHL figures released today. Hall and the Black Hawks have given up an average of 2.26 goals per game. Toronto, with Johnny Bower and Don Simmons in goal, is second with a 2.52 mark and Montreal, with Charlie Hodge, is third at 2.53.

Offensively, Chicago's Stan Mikita continues to lead the way in the scoring race. The Hawks' center scored five goals and picked up an assist last week for a point total of 67. Hull with two goals and an assist, held second place, five points back.

Hull has scored the most goals 33, and New York's Andy Bathgate is the new leader in assists, with 39. Four Hawks—Mikita, Hull, Ken Wharram and Bill Hay—were three Rangers—Bathgate, Rod Gilbert and Phil Goyette—are among the league's top 10 point-producers.

both Cincinnati and Marquette for a 16-3 record and moved up from seventh to fourth. Fifth-place Davidson bounced back from its first defeat and clobbered VMI 129-91.

Villanova held tight to sixth by downing American University and Detroit. Duke moved up to seventh on victories over South Carolina and Navy. Vanderbilt, in eighth place, was pursued closely by Chicago Loyola, which won three games during the week over Dayton, Western Michigan and Iowa.

All records were based on games played through Saturday, Feb. 1. The Top Ten, with first place votes in parentheses and points on a 10-9-8-7-6-5-4-3-2-1 basis:

1. UCLA (43) 484
2. Michigan (5) 429
3. Kentucky 372
4. Wichita 265
5. Davidson (1) 251
6. Villanova 242

## Talks On Tape In Hoffa Case

DETROIT (AP) — Police Inspector William Ellenberg said Monday night he recorded a conversation between Teamsters union attorney William Buffalino and two other men at Teamsters headquarters here Saturday.

Ellenberg said that afterwards the tape recording was sent to the FBI here and the FBI immediately sent it to Chattanooga, Tenn., where Teamsters president James R. Hoffa and others are on trial for alleged jury tampering. The recording's contents were not divulged.

The tape was submitted by the defense in the trial Monday in requesting subpoenas for Ellenberger and two officers who accompanied him to the union.

Inspector Ellenberg said his meeting with Buffalino was at the request of union officials. He said they asked police to intervene because they suspected an act against the interests of Hoffa and the union.

Ellenberg said he recorded 2½-hour conversation between Buffalino and two Detroit men, identified as Fred Shobe and William Cook. Both Shobe and Cook have police records.

The conversation was recorded in a side room with the knowledge of Buffalino but not with the knowledge of Shobe and Cook, Ellender said.

## Cuban Fishing Boats Detained At Key West, Fla.

KEY WEST, Fla. (AP)—Four Cuban fishing boats and their crews were held here today while Cuba and the United States prepared protests about the Cubans' disputed position.

Cuban Foreign Minister Raul Roa contended the fishing boats were detained on the high seas and forced into U.S. territorial waters by armed U.S. Coast Guard patrol craft, a Havana broadcast said.

Roa said protests would be made to the U.S. State Department and the United Nations, and ordered an energetic demand for release of the boats and 38 crewmen.

A State Department official said the United States planned to protest violation of U.S. territorial waters by Fidel Castro's commercial fishermen.

The four fishing boats were intercepted off Dry Tortugas Sunday and escorted 65 miles east to Key West where crews were questioned.

U.S. officials sought to learn what brought the Cuban fishing vessels to the spot where they were intercepted.

### Iron Mountain Man Presents Districting Plan

LANSING (AP) — A plan for reapportioning legislative districts was presented to the Michigan Supreme Court today by Ivan Brown, a Democrat of Iron Mountain and member of the State Apportionment Commission.

Brown's plan was the first to be presented since the commission Saturday admitted it could not reach a majority agreement on its constitutional redistricting task and turned the problem over to the high court.

Brown said he favored "maintaining existing districts insofar as possible," and said he also likes a plan which will be offered by commissioners Richard Austin of Detroit and A. Robert Kleiner of East Grand Rapids, also Democrats.

"However, I am not an attorney and don't thoroughly understand the legal complexities involved," in the plan to be submitted by Austin and Kleiner.

Brown said his plan would comply with the so-called "80-20" formula established in the new State Constitution.

## School Boycott Branded Fizzle

NEW YORK (AP) — A "whoopie success," said a leader of the boycott for full integration of New York City's schools.

"Mostly a fizzle," said the school board president.

Both were talking about the 464,362 pupils who stayed away from school for one day Monday.

President James B. Donovan of the Board of Education said: "All it did was furnish an excuse for kids to stay out."

Normally, 100,000 of the city's one million public school pupils stay home each day anyway because of illness or other reasons.

Of the 43,800 public school teachers in the nation's largest school system, 3,537 — three times more than normal — also were absent. Some joined picket lines of Negroes, Puerto Ricans and others outside the schools. Children also marched on picket lines.

There are 3,733 Negro and Puerto Rican teachers in the system.

The absent teachers face penalties ranging from loss of one day's pay to possible dismissal for neglect of duty unless they can give valid reasons for being absent, Board of Education officials said.

### Briefly Told

Regular meeting of North Star Lodge will be held Thursday, Feb. 6, at 7:30 p. m. at the Odd Fellows Hall.

Airport passenger traffic at Escanaba totaled 744 persons in January, plus 43 transient flights, it is reported by City Manager George Harvey. Five flights were cancelled because of bad weather.

Traffic court tickets have been issued by Escanaba police to James E. Frost, 200 Lake Shore Drive, failing to stop in the assured clear distance; and to Dolores E. Groos, 421 Ogden Ave., not wearing required glasses.

Vandals entered the Flat Rock School building Monday night and removed a fire extinguisher, which they emptied on the outside of the building, it is reported by officers of the Sheriff's department, who are investigating. Entry was made through a window.

ESCANABA ARTIST Clarence Moreau has been commissioned by the City of Escanaba to paint 8 pictures of early Escanaba street and park scenes. The pictures, which will hang in City Hall, are now on display in the Carnegie Public Library. Here Frank Rademacher, left, and Library Director Harry Courtright admire the display of watercolors. ## Couple Denies Archive Thefts

DETROIT (AP) — The FBI is scheduled to show cause Wednesday why Robert B. Murphy, and his wife, Elizabeth Irene, 32, should be held for trial on a warrant charging them with thefts of documents from the National Archives in Washington and interstate transportation of allegedly stolen property.

A federal grand jury, however, is known to be investigating the case and an indictment returned prior to the scheduled hearing would cancel it, an indictment itself serving as proof of probable cause to hold for trial.

The Murphys were arrested here Jan. 2. He is held in \$40,000 bail. Mrs. Murphy was released on personal bond to care for their five children, the youngest two months.

The FBI claims that documents found at the Murphys' home include approximately 50 letters written by President

## Stonington 4-H Club Active

STONINGTON — The Stonington 4-H club members under the direction of leaders, Mrs. Roy Erickson and Mrs. Ruth Brandt are busy completing their sewing projects for the annual April Achievement Day. The club's 12 members include Esther Sigfrids, Gerri Ann Erickson, Dianne Anderson, Donna Brandt, Dale Brandt, Jane Johnson, Judy Johnson, Mary Sigfrids, Julie Erickson, Sylvia Erickson, Karen Johnson and Peggy Johnson. Esther Sigfrids is the club's president.

James Monroe and letters written by most of the prominent 19th century American statesmen.

They have denied the charges, Mrs. Murphy telling newsmen, "we didn't steal anything and I cannot understand why the FBI thinks we did." She said they made their living buying, selling and trading rare documents with private collectors across the country.

## Auto Is Lost As Ice Breaks

GLADSTONE — An automobile about to be pulled from a crack in Little Bay de Noc was lost today when the crack suddenly widened and the car disappeared into the deep water.

The accident occurred about 9:30 a.m. when a car driven by Frank Moersch of Escanaba Rte. 1 nosed into the crack about one mile off the power plant point at Gladstone. Moersch made his way to shore to get help.

About a half-hour later, as a wrecker from Beaudry Chevrolet was preparing to attach a tow line, the Moersch car unexpectedly began to slide under the ice. The water was so deep the car could not be seen through the hole.

It was the second car to go through Little Bay de Noc ice recently. The other car was recovered from about six feet of water off the point.
